Batch 2022-24

Roll No: 212922672060

My MBA at Aurora was more than an academic milestone. It was the forge where my professional identity was shaped. Beyond the technical foundation of business and technology, Aurora instilled in me a relentless discipline and the resilience to turn challenges into opportunities.

Today as a senior individual quality analyst lead at Google Company, I carry the Auroraian spirit of excellency into every project. The college nurtured a curiosity that drives me to innovate and a work ethic that ensures precision. I am proud to represent Aurora a place that doesn't just teach business it builds leaders who are ready to adapt and excel in an ever-changing global landscape.

DATED: 10TH FEB, 2026

“SUPADHAM”- ALUMNI SUCCESS STORY SERIES (PART-1)

1) Anuraag Sharma

I'm Anuraag Sharma, an MBA in Finance alumnus of Aurora's PG College (MCA), Hyderabad. My time at Aurora was a transformative experience that shaped my professional journey and personal growth. The college's emphasis on business ethics, integrity, and responsible decision-making laid a strong foundation for my career. I developed critical skills like analytical thinking, communication, and leadership through classroom learning, projects, and case discussions. Inspired by the entrepreneurial mindset encouraged by the college, I started my own venture early on. This experience taught me valuable lessons in resilience, accountability, and trust-building. My MBA project on “The Impact of IPO on LIC” further deepened my understanding of financial markets. I'm proud to have received the Best Management Person Award during my time at Aurora. Currently, I work as a Research Analyst and SME at Accenture, Hyderabad, where I've been recognized with the Whiz Kid Award and Business Encore Award.

Alongside my corporate career, I'm also a proud entrepreneur with multiple business ventures. My entrepreneurial journey has been a thrilling ride, and I'm excited to explore new

opportunities and push boundaries. I'm grateful to my lecturers for their guidance and encouragement. Their impact extends far beyond academics, and I'm proud to be their alumnus. I hope my story inspires current students to value ethics, take initiative, and pursue their goals with confidence.

"Aurora PG College laid a strong foundation not only for my professional growth but also for my ethical and entrepreneurial mindset."

2) Akul Reddy

My name is Akul Reddy, an alumnus of Aurora's PG College (MCA), Hyderabad. Aurora is a place that quietly shaped who I would become. Those college years didn't just give me a degree—they gave me confidence. Aurora helped me build my character, taught me how to think independently, and pushed me to believe that building a business was not just a dream but something achievable with discipline and courage. The environment, experiences, and challenges during those days laid the foundation for my mindset as an entrepreneur and as a professional.

Today, along with running small businesses, I work at JPMorgan Chase as a Team Lead, balancing responsibility, leadership, and growth. Yet one thing I never let go of was my passion for making video content, a journey that began during my college days at Aurora. It was there I learned the most important lesson of all—how to manage passion and profession together. That balance continues to define my path, allowing me to grow in my career while staying true to the creative spark that has always driven me forward.

“

I completed my Master of Computer Applications (MCA) from Aurora during 2016–2019, where I built a strong foundation in technology and developed the discipline and dedication essential for professional success. Aurora played a key role in shaping my character, strengthening my work ethic, and nurturing my curiosity to continuously learn and grow. The academic environment encouraged innovation, critical thinking, and resilience, enabling me to approach challenges with confidence and responsibility.

My journey at Aurora helped me develop not only technical expertise but also the mindset to adapt, innovate, and strive for excellence in every step of my career.

The values, guidance, and learning ability I gained continue to influence my professional and personal growth.

I am proud to be Aurorian.

Maharshi Thatikonda
Technical Lead, TCS

SUPADHAM SERIES

My experience at Aurora's Post Graduate College during the 2020–2022 MCA program was transformative. Amid the digital shift, Aurora provided a solid foundation for mastering software engineering. The rigorous curriculum taught me resilience and adaptability, essential for navigating virtual labs and remote exams. Collaborative innovation fostered through peer discussions and projects helped refine my analytical skills, preparing me for the industry. The grit and discipline I developed at Aurora are invaluable as I progress in my career. I am proud to be an Aurorian.

Aurora News Letter for Alumni Association

Volume – IV

April 2017

From The Director's Desk

Dear Alumni,

The Aurora's P.G College, Moosarambagh, Hyderabad commenced its academic journey way back in 1995. Over the years it has grown into a premier professional college offering business and computer education leading to award of MBA and MCA degrees. So far the college has successfully rolled out 18 batches of students. The alumni of this college are working in over a hundred different corporate, including several top notch ones all over India and abroad. The college has now become the natural destination for bright and discerning students from all over India, due to its unique teaching-learning methodologies, focus on professional activities, quality placements and all round grooming.

It is indeed a matter of pride and joy for me to address you through this Newsletter. I am sure you might be waiting to know about the progress of your Alma mater. The objectives of this newsletter are to encourage the building of rapport, networking among us and most importantly for us, to keep in close touch with you and your activities. This is your college and your association is the ideal platform to reconnect with each other and also with your beloved teachers. We shall be happy to hear more from you about your progress and we look forward to meet you all during the alumni get together.

Wishing you the very best in your professional and personal life!!

Message from the HOD

Dear Alumni,

I am delighted to reach you out through the Alumni Newsletter. As all of us are aware, Aurora College is an illustrious institution that has positively shaped the lives of many aspirant students.

The alumni of Aurora's P.G College are among the fortunate few who have had the opportunity to blossom in a cosmopolitan ambience amidst a rewarding academic environment. Life at Aurora's P.G College, Moosarambagh campus is an invigorating experience that paves the way for wholesome development of personality. The inspiring academic environment and care of the experienced faculty and the competitive atmosphere of extra-curricular activities nurture the students to shine as leaders in their chosen fields.

The alumni of Aurora are spread out across the country, holding positions of eminence. I would like to appeal to them to participate in the activities of the Alumni Association, as I am sure that the alumni can play a significant role in institution-building.

I am looking forward to an active participation from the alumni in all the events of the Alumni Association.

G N Satish Kumar
Head of the Department, MBA

Dear alumni,

It is my pleasure to welcome you to the alumni section, where you can feel right at home. I am tremendously proud of what you all have been accomplishing since leaving the campus, as you continue on your paths fulfilling your potential.

This newsletter will serve as a powerful communication tool for enhancing the ties between the Alumni and the College. One of the primary objectives of this newsletter is to encourage the building of rapport, networking among us and most importantly for us to keep in close touch with your and your activities. Let the exchange of information be for the benefit of the College, those who were once here like yourselves our Alumni, and also the present students. As an avenue for dialogue between the College and the outside world let us know what you are thinking, doing and want to share.

We would appreciate your proposals and suggestions for events and activities for the Alumni Group and would love to learn more of your achievements and how you can help us and how the College can help you. I hope this newsletter will be a useful contribution to express the collection of our voices and improve the conversations, networking and opportunities from both sides.

The success of the Alumni Group will depend on the support and contributions of members.

I encourage you to think often on the mission: to become leaders in the world, promoting peace and hope.

We look forward to your continued success.

Dr D Shireesha
Head Of the Department, MBA

MESSAGE FROM ALUMNI COORDINATOR

Hello alumni and friends of APGC! Spring is upon us, temperatures are rising, birds are singing and days are getting longer. Things are getting busy with the hustle and bustle of students working hard to finish the semester and faculty and graduate students gearing up for field season amongst the many activities that are going on here.

Alumni Relations is the primary communications link between the APGC Moosarambagh and our alumni. It is our goal to encourage and foster lifelong alumni participation, involvement, and commitment.

Over the next several months and years it will be our goal to strengthen the bond between the college and our alumni; to create programs which match the interests and needs of the alumni; to maintain and build upon the positive relationships we have with our more seasoned alumni; to increase the participation, involvement, and communication with our younger alumni; and to continue to serve as the primary communications link between the college and its alumni. Achieving these goals will require a tremendous team effort, and it will be important to enlist the assistance of college administration, friends of the college and of course...The Alumni!

2017 is an exciting time for APGC Moosarambagh as well as a time of change. We have to opportunity to review where we have been and plan for where we would like to go as a part of our academic program review. We also say farewell to several longtime members of the APGC team, but we look forward to the new additions that will join us.

Contact me at alumniapgcm@gmail.com if you would like to be more connected and involved with APGC. Your time, knowledge and expertise are extremely valuable to us. Whether it's staffing a booth at one of our outreach events or being a guest lecturer, there are plenty of ways to be active within APGC. Are you working your dream job? Doing innovative research? Living abroad? We love hearing what our alumni are up to! Share your story so we can share it with the rest of the APGC community.

By Dr Neetu Sachdeva
Alumni Coordinator

MESSAGE PLATEAU

I am driven with **19 years** of rich experience in GTM, Sales, Distribution, and Marketing, New Product launches across **Telecom, Retail, DTH and Spirit Industry & Merchant Acquiring**

Business. A keen planner with proven abilities in devising strategies to augment business, streamline distribution network and promote products. Good communication and people management skills. Stints with leading organizations in diverse sectors like, **Reliance communications Ltd, Bharti Airtel Ltd, Shaw-Wallace & Co Ltd, Easy call communications India Ltd.**

Dear Friends,

It was very longing to hear from the Management on this very special Alumni Meet to be held on the 15th April, what excites me I am looking forward to meet each and Every oneto the Memory Lane way back 1995-97, 18 YearsIt Make us to stand here and Graduating with a pride choosing the career of our choice!!!

We were the first batch of students and it was building blocks for usLearn and grown from each other ,No seniors and the way we grew academically was only through the Professors

who taught and helped us in every stage to compete outside .

My Greetings to Mr Udpdhaya? The Then Principal and other Professors in building academic capabilities in each of us and Thank the chairman Mr Ramesh for supporting us on various Requests.

Café outside the college Lane was a Spare time Spot with chai & samosa and heading towards the closure of the day ...it's been great fun and accomplishment all through ...

Venkat

Ours was the first batch - Aurora got its first batch for MBA in the year 1995. We had a great principal in Mr. Upadhyay and Secretary Mr.

N. Ramesh Garu. Getting into MBA was turning point of my life.... Made some friends for life and also it gave a very different perspective of the world. Beginning of the Transition from boy to man for me happened there.

Represented our college in many cultural and inter collegiate competitions. Won the overall championship for best college in 1996. The management always had a great vision and today we feel proud that our college is rated among the best in Hyderabad.

That time the college was located in Chikadpally building. Just outside was a bakery and in the corner was Bharat Cafe. Remember those times as it happened yesterday - Chai, chota samosa, egg puffs.... They never tasted better after our MBA was done. Time just flew.

Professional Background:

Had 17 years of corporate career. Mostly in telecom. First job came my way after 8 months of arduous hunt - was paid ₹ 2500/- per month. It was an industrial product so worked at over 50 degrees temperatures for over a year. Didn't earn

money but earned experience equal to probably 10 years. Till that time wondered why everyone insists on experience. After that one year, understood why and life was never difficult. The grind helped me to get a "never give up" attitude on any situation. Went on to become one of the youngest national sales head with Tata's at the age of 30. The best time of corporate career - rubbing shoulders with the who's who of the company, your strategy becomes company strategy in the national market, heading a "huge" energetic team that is ready like an army to charge in the market at one order.... I always dreamt this when in college.

However, Seeds which were sowed during my management education took the better of me and 2 years back I took the plunge to be an entrepreneur - corporate life didn't interest me any longer and quest for building my dream, doing something for the community at large and being a facilitator to change the lives for the better for at least 100 families made me take the path less travelled. Today we are in the process of creating and building a national entertainment brand (the first of its kind) which shall be launched in the mid of financial year 2017-18? Maybe some young guns from our college in current or future batches can be a part of building the dream.

All in all, life has been such a great ecstatic ride, thanks to foundation set during our education days and major share goes to Aurora PG College.

Would like to end with a quote:

All of us have two lives, the second one starts the day you realize you have only one.

Sandeep

Learn from yesterday, live for today, hope for tomorrow.

— Albert Einstein

About Aurora: "An ocean of opportunities which explores student's talent"
Besides having a good

system of education and good faculty, the college gives a great exposure to the students by conducting conferences and fests on a regular basis. It has good infrastructure with good set of books at the library. The faculty members are very warm and welcoming and the best part is the campus life. It is located in such a place which can be reached very easily. One must make the best use of the facilities provided by the college in order to get exposure.

Apart from just studies, college gave many opportunities to explore my ideas, talents and interests. My experience at Aurora was so good which gave, the students of our batch, many long lasting memories. (Induction to Farewell – At every event we enjoyed participation)

It provided a good platform for placements to the students which every student dreamed to have. The experience in college is great and it has an eminent learning experience.

As Alumnus to advice you, never follow one's path, lay your own because I believe that every person is born with talent. Just Wake up every morning with the thought that something wonderful is about to happen. You should be aware that successful people dream big, even if the goal may seem extremely difficult to achieve. Just dream big on your career. Some people dream of great accomplishments, while others stay awake and do them.

I thank Aurora for inviting good companies which recruit its students through campus placements and I am most happy being recruited by *Franklin Templeton international Investment Services Pvt Ltd*, one of the best companies in the financial industries on globe.

Mourya Kothuri

"My journey at Aurora has been wonderful, from the day-one till the last day it has been a dream journey that I always wished for. My academics were filled with

lots of learning, knowledge enhancement, personality development, developing skill set and of course fun. The faculty at Aurora has been very encouraging & motivated me to excel in my

academic performance. We had a great exposure to theoretical and practical application of what all we study during the course which in-turn has helped me in enhancing my skills and knowledge in business management."

I did make a lot of friends including my seniors as well as juniors, Aurora is a place that's going to be on my mind forever.

Two things that I shall cherish forever, associated with Aurora would be, Firstly, securing a job with UnitedHealth Group (ranked 6th in Fortune 500 companies and named in top 5 US Health insurance companies) as an Associate accountant and secondly, being awarded "BEST OUT-GOING STUDENT for academic year 2014-16"

For my juniors – "enjoy to the fullest, but make sure your grades are good enough to secure you a decent job"

S Kumail Hasan Abedi

It has been six months Since I have joined Amazon as a finance analyst. I would like to thank Aurora for making me capable to get placed in a top MNC. The work environment is good my colleagues are well supportive.

My college days are unforgettable, those days are happy days in my life. I enjoyed myself a lot when I was in Aurora PG. College. I have learned a lot from my Lecturer's. Whenever I was wrong they corrected me. They used to be very friendly with us. We used to have competitions. No matter whether we win the competition or not, but they used to tell us participation is very important. Lecturers of Aurora College were very supportive and encouraged us in all things to grow up in our lives. I thank Aurora for inviting good companies which recruits its students through campus placements and I am most happy being recruited by Pvt Ltd, one of the best companies in the financial industries on glob I do

still remember that I was awarded as a top five students of my college in academic year 2014-2016.

Gulfisha Tarannum

I am Preetham Madhamshetty working as a sales executive with Vikas Publications Pvt Ltd. Aurora will always be one of the crucial part of my life. Talking from my experience, Aurora has very experienced faculty, good lab facilities and library with numerous books and journals. Not only this it also helped me to improve my communication skills and technical knowledge.

Trust me friends it has been the best journey of my life. Aurora has helped me in securing a job in one of the best corporate company. Aurora is not only known for attendance and discipline, but also conducts many extra circular activities and management events like Vikraya Vedika, Aharosthav and so on , these activities help us to gain theoretical as well as practical knowledge on business management .

The college has provided us with enough exposure wherein we get to hone up our personal as well as professional skills in business management, thanks to the college management for motivating and encouraging me to participate in hosting and organizing many formal and informal events.

I do still remember that I was awarded as best event organizer award for the academic year 2015-16.

Preetham Madhamshetty

Being successful in life is being what you are , where you place your self among the crowd of thousands. It has been 6 months Since I joined IBM as an Technical associate .I would like to thank Aurora for making me capable to get placed in an top MNC.

Life at Aurora was very enlightening. It opened my mind to new thoughts and ideas. It exposed me to other individuals from different places and expanded my world, gave me more confidence. It challenged my ability to achieve my goals (Best event organizer Award -2016). Through all my hard work, I achieved high scores and that opened doors for me to walk into a highly professional career, And I improved as well in terms of public speaking, anchoring, organizing and so on. I got to meet the best ever Faculty and many good friends. I just wish all my friends and acquaintances all the best for their future endeavors. I hope to stay connected with you all. As Alumnus to advice you, never follow one's path, lay your own because I believe that every person is born with talent. Just Wake up every morning with the thought that something wonderful is about to happen. You should be aware that successful people dream big, even if the goal may seem extremely difficult to achieve. Just dream big on your career. Some people dream of great accomplishments, while others stay awake and do them.

Bhavana Thakur

It has been nine month have joined NJ WEALTH as a unit manager. I would like to thanks aurora for making me capable to get placed in a top companies. I thank Aurora for inviting good companies which recruits its students through campus placements and I am most happy being recruited by HDFC bank Pvt Ltd, one of the best opportunity in the financial industries in India.

Being successfully in life is being what you are, where you place your self among the crowd of thousands. I would like to thank Aurora for making me capable to get placed in an top MNC.

Life at Aurora was very enlightening. It opened my mind to new thoughts and ideas. It exposed me to other individuals from different places and

expanded my world, gave me more confidence. It challenged my ability to achieve my goals (Best even organiser Award -2016). Through all my hard work, I achieved high scores and that opened doors for me to walk into a highly professional career, And I improved as well in terms of public speaking, anchoring, organizing and so on. I got to meet the best ever Faculty and many good friends . I just wish all my friends and acquaintances all the best for their future endeavours. I hope to stay connected with you all.

Mohammed Khaleel

I feel very proud to be a part of Deloitte company since June 2016 as a Audit senior assistant, AERS external audit work environment in Deloitte is really good performance and behaviour is the key to success in Deloitte. Taking a stroll down the memory lane, I have a strong feeling from the bottom of my heart that, in the end, it's all about the LOVE, the SMILES and the TOGETHERNESS that we propagated !!

Friendships were made and cherished, the guidance and support of the lecturers, the unsophisticated behaviour in the class to the madness in the cellar , the Stage, the anchoring scripts, the events managed and the popularity... All of that will be missed..!!

In these two years, while we thought we were about to change our life, Life changed us..!!

(Saloni jain)

Being successfully in life is being what you are , where you place your self among the crowd of thousands. It has been one year i have joined Aditya birla group as an Relationship manager .I would like to thank Aurora for making me capable to get placed in a top company Aurora

has helped me in securing a job in one of the best corporate company.

Aurora is not only known for attendance and discipline, but also conducts many extra circular activities and management events like Aharosthav ,National conference and so on , these activities help us to gain theoretical as well as practical knowledge on business management and other.

Challenges are the part of every profession you choose but the best part is the way you convert your challenges in to opportunities. Auroras helped in building my confidence level. The program conducted by Aurora's college helps me to immerge my potential skill in professional way. I am at this stage because I never thought to be better in fact I was always thought to be best.....

(Arvind chary)

I am Anshul Goel. My Journey begins at Aurora as a lonely person, new place , new people but this new place thought me to move forward. Faculties at Aurora are awesome, they not only teach to learn the subject but also motivates to give the best. Class lectures, lab practices, books at the library and the faculties guidance helped me to improve my communication skills. Extracurricular activities, events and management encourage the students to enter into professionalism. Great platform to present your ideas, intrests, talents and oppertunities for placements at reputed companies.

And a important part at Aurora was enjoyment with the friends and buddies. Cellor fun, classroom fun, teasing friends, short film making, food fest whenever it blinks in my mind brings a happy smile on my face. Aurora a long lasting memorable journey.

"Do it now.

Sometime 'LATER' , becomes 'NEVER'".

IMPACT OF DIGITIZATION ON MAKE IN INDIA

The Digital India Program has been launched with an aim of transforming the country into a digitally empowered society and knowledge economy. The Digital India would ensure that Government services are available to citizens electronically. It would also bring in public accountability through mandated delivery of government's services electronically. a Unique ID and e-Pramaan based on authentic and standard based interoperable and integrated government applications and data basis. Digital India initiative is an extended and transformed version of e-Governance project which is in place since mid-1990s. Various e-Governance projects all over the country encompassing all the government departments have not been able to bring about desired results. Thus there was a need felt by the current government to overhaul the present infrastructure of e-governance plan and also include additional objectives in the new initiative. The Digital India Program is a flagship Program of the Government of India with a vision to transform India into a digitally empowered society and knowledge economy. "Faceless, Paperless, Cashless" is one of professed role of Digital India. The vision of Digital India aims to transform the country into a digitally empowered society and knowledge economy. The programme will be implemented in phases from the current year till 2018. The Digital India is transformational in nature and would ensure that Government services are available to citizens electronically. It would also bring in public accountability through mandated delivery of government's services electronically, a Unique ID and e-Pramaan based on authentic and standard based interoperable and integrated government applications and data basis.

VISION OF DIGITAL INDIA

These are a few statements enlisted in the Digital India program's vision.

- To provide high speed Internet all over India even in inaccessible remote villages
- Teach and promote the benefits of E-banking to people at remote villages
- To help illiterate people learn how to use mobiles and bank accounts for effective financial transaction handling
- No conspiracy involved in providing the government services to people
- To ease the availability of government services both online and in mobile applications
- To help medical care to be provided to all parts of India with the help of Telemedicine
- To enable the usage of all government data resources available on the CLOUD application to all citizens of India
- Promotes services based on humanity basis and not on basis of a person's social status.

Digital India - Program to prepare India for a knowledge future.

Digital Technologies which include Cloud Computing and Mobile Applications have emerged as catalysts for rapid economic growth and citizen empowerment across the globe. Digital technologies are being increasingly used by us in everyday lives from retail stores to government offices. They help us to connect with each other and also to share information on issues and concerns faced by us. In some cases they also enable resolution of those issues in near real time. The objective of the Digital India Group is to come out with innovative ideas and practical solutions to realize Hon'ble Prime Minister Narendra Modi's vision of a digital India. Prime Minister Modi envisions transforming our nation and creating opportunities for all citizens by harnessing digital technologies. His vision is to empower every citizen with access to digital services, knowledge and information. This Group will come up with policies and best practices from around the world to make this vision of a digital India a reality.

Digital India is an ambitious program of Government of India projected at ₹ 1,13,000/- Cr. This will be for preparing the India for the knowledge based transformation and delivering good governance to citizens by synchronized and coordinated engagement with both Central Government and State Government. This program has been envisaged by Department of Electronics and Information Technology (DeitY) and will impact ministry of communications & IT, ministry of rural development, ministry of human resource development, ministry of health and others.
